

HBRI Open House

The HBRI Open House will celebrate exciting advancements and innovations in stem cell research being made by HBRI, and will honor individuals who have been instrumental in advancing stem cell research and related causes.

HBRI will present Disease Advocate awards to individuals who have made significant contributions as Patient Advocates in the areas of Parkinson's disease, ALS, and other areas of research.

Guests will enjoy a Mediterranean-style dinner while they enjoy the talk from our keynote speaker, Duane Roth of CONNECT and CIRM.

HBRI will also honor local students who have created impressive science fair presentations. Their projects will be on display for your education and enjoyment.
